SECTION 2 EXCEPTIONS TO APPLICATION AND RULES APPLIES ON CARS OTHER THAN TANK CARS

27 ITEM 615-E

HANDLING OF EMPTY FREIGHT CARS OTHER THAN TANK CARS (SEE EXCEPTION 6)

PART A APPLIES ONLY TO REFRIGERATOR CARS PROVIDED BY RAILROADS

1. Except as provided in Part A. 2. and except as otherwise provided in tariffs of individual carriers lawfully on file, refrigerator cars will be moved empty without charge either to the station or junction point where received under load or under instructions from car owners, to other stations, or for delivery to connecting lines.
2. A new car or a newly acquired car moving prior to its first loaded move in commercial service and a car moving for sale or scrap will be moved subject to applicable rates named in Consolidated Freight Classification and/or in Uniform Freight Classification, or in state classification tariffs where state rates apply, or other applicable tariffs.

PART B APPLIES ON ALL CARS BEARING OTHER THAN RAILROAD REPORTING MARKS, EXCEPT REFRIGERATOR CARS PROVIDED BY RAILROADS AND SPECIAL CAR TYPE "LO" (SEE NOTES 1 AND 2)

1. When a car is released from load, the owner or lessee must issue instructions for the disposition of the empty car to the agent at point of unloading either direct or through consignee or via EDI. Empty instructions may also be included with the original loaded shipping instructions if transmitted via EDI. If the owner or lessee fails to have instructions in the hands of the railroad agent having jurisdiction at point of unloading prior to the time the car is released from load to forward or hold the car, the agent is authorized to forward the empty car to the origin point of the last load via reverse of the loaded route.
2. Empty cars will be handled as follows:
 - A. Except as otherwise provided in this tariff, cars covered by this section will be moved empty without charge between stations or junction points upon receipt of instructions from the car owner or lessee, confirmed in writing. Such instructions must include the specific facility to which such car is consigned or the name and address of the company which controls the car.
 - B. A new car or a newly acquired car moving prior to its first loaded move in commercial service and a car moving for sale or scrap will be moved subject to applicable rates in Consolidated Freight Classification and/or in Uniform Freight Classification, or in state classification tariffs where state rates apply, or other applicable tariffs.

EXPLANATION OF NOTES IN PART B

- Note 1. A car loaded with railroad company material moving on non-revenue billing, will be considered as having been loaded in commercial service on which the railroads derived line-haul revenue.
- Note 2. When a car that has moved in commercial service bearing railroad reporting marks is restenciled with private reporting marks, the newly marked car is considered to be a new or newly acquired car and the provisions of Part B. 2. B. will apply.

PART C APPLIES ONLY TO SPECIAL CARS TYPE "LO" CARS BEARING OTHER THAN RAILROAD REPORTING MARKS (SEE NOTES 1 THROUGH 5 AND EXCEPTION 3)

1. When a car is released from load, the owner or lessee must issue instructions for the disposition of the empty car to the agent at point of unloading either direct or through consignee or via EDI. Empty instructions may also be included with the original loaded shipping instructions if transmitted via EDI. If the owner or lessee fails to have instructions in the hands of the railroad agent having jurisdiction at point of unloading prior to the time the car is released from load to forward or hold the car, the agent is authorized to forward the empty car to the origin point of the last load via reverse of the loaded route.
2. Empty cars will be handled as follows:
 - A. An empty car returned to origin point of the last load via reverse of the loaded movement will be handled without charge.
 - B. Upon receipt of instructions from the owner or lessee, confirmed in writing, showing reference to the preceding loaded move, an empty car, after having been loaded in commercial service on which the railroads derived line-haul revenue immediately preceding the empty movement, will be moved without charge to the destination shown on instructions. Such instructions must include the specific facility to which such car is consigned or the name and address of the company which controls the car. Only one diversion or reconsignment of such empty car will be permitted without charge, providing it occurs prior to the car's arrival at the initially billed destination and the handling carrier does not incur backhaul mileage.
 - C. An empty car, moving subsequent to its first loaded move in commercial service on which the railroads derived line-haul revenue, will be moved without charge to and from bona-fide shop facilities for non-discretionary cleaning, lining, relining, maintenance, modification, or repair upon receipt of instructions confirmed in writing, showing the shop facility, destination and full routing and specific reason for such movement. The movement of an empty car to any of these facilities located on the premises of a shipping facility other than a bona-fide shop facility for any of the purposes outlined above will be subject to the charges specified in Paragraph E when such empty movement is not immediately preceded by a loaded movement.
